How to use this book

Every unit has the same ten parts in the same order, so after Unit 1 you always know where you are.

[CORE] is the Warm Up and Parts 1–6. Everybody does these.

[PLUS] is Parts 7–9. They are there when you are ready for them, and optional when you are not. Part 10 is for everybody.

Almost every exercise opens with item **0**, already answered. It is the worked example: read it before you start.

Unit 1: The Skip Outside Number 14 — Answer Key

Teacher's section. Open tasks carry a sample answer, not the only correct one.

Warm Up

W1 1. b · 2. c · 3. d · 4. a — not needed: e (Buy a new phone.)

W2 1. skip · 2. pavement · 3. queue · 4. delivery

W3 1. (b) number 40 · 2. (b) took the load back

Item 1 is the one to check. Learners who answer (a) have read *outside 14* as *ordered by 14*. The text says both in two short sentences.

Part 1 • Vocabulary & Pronunciation

1A 1. f • 2. b • 3. c • 4. d • 5. e • 6. a — not needed: g (landing)

1B STREET: kerb, pavement • SHOP: till, queue • JOURNEY: platform, shift

1C 1. skip / pavement • 2. queue • 3. card reader • 4. battery • 5. depot

1D (Track 1.1) 1. she **was** serving • 2. they **were** waiting • 3. we **were** crossing • 4. he **was** ringing • 5. you **were** looking • 6. I **was** carrying

The point is that *was* and *were* are almost never stressed. Play line 1 twice and ask how many beats they heard. Most will say three, and *was* is not one of them.

1E 1. miss • 2. catch • 3. make • 4. block • 5. pay • 6. check

1F 1. (b) depot • 2. (a) card reader • 3. (c) shift

1G 1. agent • 2. shift • 3. landing • 4. stairwell • 5. crack

1H Open. Marking: one past continuous, one past simple, 25–40 words.

Sample: *I was waiting for a parcel last Friday. The driver came at six, but I was out. He left a card. I collected it on Saturday morning.*

Part 2 • Grammar

Notice The van was arriving. It was in the middle of coming down the street.

2A 1. was waiting • 2. stopped • 3. were standing • 4. was carrying • 5. went • 6. were playing

2B 1. was crossing • 2. was showing • 3. cracked • 4. was speaking • 5. were waiting

2C LONG: she was waiting, they were playing, he was crossing • SHORT: the lorry arrived, the machine stopped, the van left

2D 1. While • 2. when • 3. While • 4. when • 5. While

Rule of thumb for the board: *while* takes the long action, *when* takes the short one.

2E 2. Yes. Do you have an order number? • 3. No. The skip is outside the wrong house. • 4. When can you collect it? • 5. Tuesday morning. It's full, so I need the lorry.

2F Open. Marking: a past simple clause after *when*, a past continuous clause after *while*.

2G 1. ...the call **stopped**. • 2. ...when he **dropped** it. • 3. While we **were** waiting outside... • 4. The lorry **arrived** at half past one and left the skip.

2H 1. (b) was cooking • 2. (b) when

Part 3 • Listening

3A (Track 1.2) 1. **F** — he was reading his notes on his phone. • 2. **T** • 3. **T** • 4. **F** — the numbers were all in the flat phone.

3B 2. The screen went black. • 3. A woman lent me her phone. • 4. I don't know any numbers. • (then) My mother rang the hospital.

3C (Track 1.3) 1. ten past two • 2. two • 3. names • 4. four

Item 2 catches people. Maya says *only two people here have cash*, not *two people paid*.

3D (Track 1.4) 1. **O** • 2. **N** • 3. **O** • 4. **D**

3E 1. b • 2. c • 3. a • 4. d — not needed: e (In the car park.)

Part 4 • Speaking

4A Open pairwork. Listen for one sentence carrying both tenses.

Expect: *I was cooking when the bell rang.* • *While I was out, the parcel came.*

4B Open. Marking: the driver gives a reason; the shopkeeper asks three questions.

4C Open. Marking: *was/were + -ing* for all six people.

4D Open. Marking: a reason for each opinion, not just a guess.

4E Open group task. Marking: one decision, and a reason that is not only the price.

Part 5 • Reading

5A 1. (b) two hours • 2. (b) if something blocks the kerb • 3. (c) it takes the parcel back

5B 1. **F** — two hours. • 2. **T** • 3. **F** — it takes the parcel back to the depot.

5C 1. (b) number 40 • 2. (a) it is full

5D 1. (b) is wrong — the notice says nothing about size. • 2. (c) is wrong — the notice says nothing about paying.

This is the exam move: find the sentence, then cross out what the text does not say. Both wrong options here are things the text is silent on, not things it denies.

5E 1. kerb • 2. depot • 3. Tuesday • 4. 4471

5F 1. b • 2. a • 3. d • 4. c — not needed: **e** (Buy a new window.)

5G Open. Marking: two sentences, each with *if*, *when* or *while*.

Sample: *When the bins are full, put the bag inside the gate. If a van is on the kerb, use the back lane.*

Part 6 • Writing

6A Open (40–50 words). Marking: what is wrong • where you were • one clear request.

Sample (44 words): *Hello everyone. The light in the stairwell is not working. I was coming up at eight last night and I could not see the steps. Can we ask the landlord this week? I am happy to make the call. — Flat 4*

6B Open. Marking: three sentences with *if*.

Sample: *If you ring the same day, there is no charge. If the skip is full, they send the lorry. If you book a week, it costs £180.*

6C 1. While I was cooking, the phone rang. • 2. She was serving when it stopped. • 3. They were playing all afternoon.

6D Open (35–45 words). Use the checklist on the page.

Part 7 • Exam Skills

7A Question 1: (a) *landing* and (c) *kerb* are places, not buildings — the text says *depot*. Question 2: (b) and (c) name things the text never mentions.

7B 1. **F** — write one word or a number. • 2. **T** • 3. **T** • 4. **F** — read the text first, then choose.

7C 2. Ask: a time, a number or a name? • 3. Listen and write one word or number. • 4. Check your spelling.

7D Open. Marking: two tips, each one instruction.

Sample: *Find the sentence before you choose. Cross out the two options the text does not mention.*

Part 8 · At Work

8A 1. (b) the skip was in the way · 2. (b) the time, and the charge sent to number 40

8B 1. b · 2. a · 3. c · 4. d — not needed: e (a short journey)

8C (Track 1.5) 1. 40 · 2. 1.40 · 3. Tuesday · 4. 4471

8D PROBLEM: the skip is full, the van cannot pass, my number was on the sheet · ANSWER: ring the same day, use the car park, put you first on Tuesday

8E Open. Marking: two problems, each with one thing you would do.

Part 9 · Real-World File

9A 2. The skip is outside the wrong house. · 3. It is blocking my shop. · 4. When can you collect it? · 5. Can you give me a job number?

9B Open role-play. Marking: the address, the problem, the urgency, a date, a number.

9C Open (40–50 words). Marking: the day, the job number, who pays, one request.

9D 1. Your driver had the wrong number. · 2. Can you give me a job number? · 3. It's blocking my shop. · 4. I'll send you an email today. · 5. Thanks for your help.

The pattern across all five: say the fact, ask for the thing, keep the person on your side. Rudeness costs you the Tuesday slot.

Part 10 • Review & Can-Do

10A 1. skip • 2. pavement • 3. queue • 4. depot • 5. battery • 6. shift

10B 1. While • 2. was serving • 3. when • 4. knew • 5. were

10C 1. (a) was waiting • 2. (a) while • 3. (a) when

10D 1. landing • 2. kerb • 3. depot • 4. shift

10E 1. b • 2. a • 3. d • 4. c — not needed: e (On the pavement.)

10F Open. Marking: one *while*, one *when*, one negative.

Sample: *While I was working, the post came. I was asleep when the alarm went off. I did not see the van, because I was in the garden.*

Glossary Twelve words, with the table on the page. Every one appears at least three times before Part 10.

ENGLISH FOR DAILY LIFE
B1 • Volume 1 • Looking Back

English for Daily Life at B1 picks up the same six people two years later, on the same street, and gives them the past behind the post and the things that never happened: what was going on when something happened? Is how long it has been going on what has already happened by the time they're still anything, what the next came to be, what would happen if the money came, and what would have happened if they had taken the other fat. One unit, each with the same eleven parts and the same support as at B1, is worked except at the top of almost every task, a model before every piece of writing, a word bank under every gap B1 and a checklist before you hand anything in. The readings and the recordings are each the length they were, because that is what the level is. The Core track is for everybody, the Plus track is there when you want it. Answers for every closed question are in the book.

In this book
